

Become a 2014 Newark Pilots Host Family

The Newark Pilots are looking for families in the community to generously open their homes to a Newark Pilots player for the 2014 season. These players are young student athletes from all over the country that come to Newark to have a great experience both on and off the field.

As a host family, you are taking on a large responsibility but there are also benefits for you as a Newark Pilots fan. Other than giving these players a great summer experience in Newark, each host family will receive general admission season passes to our home games. Taking in one of these student athletes for the summer not only helps these players succeed individually, but it helps the Newark Pilots organization as a whole, and for that we are grateful. If you are interested or know anyone that might have an interest, please contact us immediately about participating in our host family program for the upcoming 2014 season at:
